

Wind Swept Meadows Farm All Natural Beef
Thomas and Delta Keeney
17025 County Route 68
Watertown, NY 13601
788-1933

We raise our shorthorn steers from calves without the use of hormones. Our home-grown cattle roam freely in the pasture and are fed a diet of our own grass hay and alfalfa during the winter months when they are not on pasture. Their diets are supplemented with corn, soy, and minerals.

All beef is custom processed at a USDA approved facility.

All beef is flash frozen and vacuum packed.

All beef is available by the package with many different cut choices.

Please call 788-1933 for more information and to special order cuts.
